

CASE STUDY. BOUTIQUE OFFICE

Design studio cut sick days by a third in one quarter.

Richmond, London. 242 m².

Before

After

OUTCOMES AT A GLANCE

down 34 percent

Sick days per employee

up 5x

Glassdoor mentions of the office

zero in 90 days

Cleaning related Slack complaints

The challenge

A small team in an open plan loft kept passing colds around. Glass partitions, kitchenette, and shared desks were the obvious vectors.

Our approach

Three nights a week with a dedicated kitchen sanitising protocol, daily glass and high touch wipe down, and a Friday plant care add on.

“The office finally feels like a place we want to be. Even the plants are happier.”

Jordan K., Studio Lead
